Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 26 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Breezy and feeling mild by both day and night.

Today:
Cloud becoming widespread as patchy light rain crosses the region through the morning. Drier in the afternoon, though staying largely cloudy with a moderate breeze developing. Feeling milder than Monday. Maximum temperature 17 deg C (63 deg F).

Tonight:
A windy night with frequent gusts. Feeling very mild under largely cloudy skies with only the odd clearer spell. Staying dry throughout. Minimum temperature 12 deg C (54 deg F).

Wednesday:
Largely cloudy again on Wednesday though staying dry and mild. A moderate to fresh breeze persisting through the day with further strong gusts. Maximum temperature 17 deg C (63 deg F).

Outlook for Thursday to Saturday:
Cloudy and breezy with outbreaks of rain at times through to the end of the week, potentially more persistent and heavier on Saturday when it will also feel fresher.
